

# COMMUNITY ACTION PARTNERSHIP

## WHY STEM OUTREACH?

- Improve Employee engagement
- Strengthen Brand image
- Corporate Social Responsibility
- Develop leaders
- Build hiring pipeline
- Give back to the community

Engineers of Tomorrow is a resource of knowledge and experience in the STEM outreach field unmatched by others. Hire EoT to work with your company to engage employees in community outreach events!

### Organize Event Logistics

We facilitate all logistics of the outreach event so all you need to do is make time for your CAP leaders to show up

### Coach & Train

C.A.P. Animators are coached and trained by us to deliver our unique style of STEM outreach which includes activity prep, how to connect with kids (i.e. telling your story), diversity training, etc

### Identify Leaders

We work with you to identify the C.A.P. Animators within your company that would be well suited to the role

**ERICA LEE GARCIA** *P. Eng.*

After obtaining her P. Eng. Erica began her own consulting firm, and has worked to become a national voice of positive change in engineering. She enjoys traveling and mentoring young people.

**REBECCA WHITE** *B. Eng*

After more than 10 years of experience in the manufacturing industry, Becky has become an advocate for diversity & inclusion in engineering. She enjoys podcasts and creating with Lego.
