

THE STORY OF YOU

Use the prompts below

In the boxes below, you'll find suggestions. Use them to map out your own engineering story. What important events have happened in your life? What are your strongest memories? What hobbies or passions are important to you?

Who are you?

My name is... and I am ...
I'm a <descriptor about yourself, something you're proud of>.

Your past...

Ever since I was little I have loved/been fascinated by/wanted to know more about ...
One of my favourite memories was <something specific you did related to that interest>..

Unpack your reasons

I chose engineering because <your reasons at the time/original thought process behind the choice>.
What I didn't know at the time was <thing you've discovered about engineering since or something that you really enjoy>.

Something you were afraid of!

I used to worry that... but now I've realized that <thing you have learned that doesn't make that old worry/fear such a big deal anymore>.

A change I want to see

I dream about ...
<thing you'd like to do one day related to your engineering background or education, in some way>.

Offer advice

My advice to you is... <this can be a re-iteration of something you've said earlier - what is something you learned that you can now share with these students as you would with a friend?>.

Make connections....

What I really love is <thing you're passionate about>, and at <your school> I find <way that the school supports or is aligned with what you're passionate about, or supports you to be your best so you can do that thing you love>.

THE STORY OF YOU

YOUR TURN!

In the boxes below, you'll find suggestions. Use them to map out your own engineering story. What important events have happened in your life? What are your strongest memories? What hobbies or passions are important to you?

Who are you?

Unpack your reasons

A change I want to see

Your past...

Something you were afraid of!
